## INTRODUCTION

## AND GENERAL INDEX

R. L. POLK & CO., publishers of more than 1,400 city and suburban Directories, presents to subscribers and the general public, this, the latest edition of the Hobart City Directory, which also includes rural route residents.

Confidence in the growth of the community's industry, population and wealth, and in the advancement of its civic and social activities, will be maintained as sections of this Directory are consulted, for the City Directory is a mirror truly reflecting the community to the world.

The enviable position occupied by R. L. POLK & CO.'s Directories in the estimation of the public throughout the country, has been established by rendering the best in Directory service. With an unrivaled organization, and having had the courteous and hearty cooperation of the business and professional men and residents, the publishers feel that the result of their labors will meet with the approval of every user, and that the Hobart City Directory will fulfill its mission as a source of authentic information pertaining to the city.

### Four Major Departments

The four major departments are arranged in the following order:-

I. THE BUYERS' GUIDE constitutes the first major department of the Directory, printed on yellow paper. In the first section of this department, grouped under appropriate headings, are included the advertisements and business cards of firms and individuals desiring to make a complete presentation of their products or services. Following this is the Classified Business Section, which embraces a list of the names and addresses of all business and professional concerns of the city, arranged in alphabetical order under appropriate headings—a catalog of all the activities of the city. The Buyers' Guide represents reference advertising at its best, and merits the attention of all buyers and sellers seeking sources of supply or markets for goods. In a progressive community like Hobart, the necessity of having this kind of information up – to – date and always immediately available, is obvious. The Directory is the common intermediary between buyer and seller, and plays an important role in the daily activities of the commerical, industrial and professional world.

II. THE ALPHABETICAL LIST OF NAMES of residents and business and professional concerns is the second major department, printed on white paper. This Directory aims to show the name, marital status, occupation and address of each adult resident of Hobart, and the name, official personnel, nature and address of each firm and corporation in the city. A special feature of this section is the listing of telephone numbers.

III. THE DIRECTORY OF HOUSEHOLDERS, INCLUDING STREET AND AVENUE GUIDE is the third major department, printed on green paper. In this section the numbered streets are arranged in numerical order, followed by the named streets in alphabetical order; the numbers of the residences and business concerns are arranged in numerical order under the name of each street, and the names of the householders and concerns are placed opposite the numbers. The names of the intersecting streets appear at their respective crossing points on each street. Special features of this section are the

designation of owner occupied homes, the listing of telephone numbers, new householder symbols and Zip Codes.

IV. THE NUMERICAL TELEPHONE DIRECTORY is the fourth major department, printed on blue paper.

### Municipal Publicity

The Directory reflects the achievements and ambitions of Hobart, depicting in unbiased terms what it has to offer as a place of residence, as a business location, as a manufacturing site and as an educational center. The publishers have placed copies of this issue of the Directory in Directory Libraries, where they are readily available for free public reference, and serve as perpetual and reliable advertisements of the community.

### The Hobart Directory Library

Through the courtesy of the publishers of the Hobart City Directory, a Directory Library is maintained in the offices of the Hobart Chamber of Commerce, for free reference by the general public. This is one of many Directory Libraries installed in cities and towns throughout the United States and Canada through the courtesy of your Publisher.

The publishers appreciatively acknowledge the recognition by those progressive business and professional men who have demonstrated their confidence in the City Directory as an advertising medium, with assurance that it will bring a commensurate return.

### History

Hobart was founded in 1847 by George Earle when the Government Post Office was moved to this site. Earle laid out the plat of the town along the banks of Deep River and named the new community after his brother Fredrick Hobart Earle.

The new town was located on the Chicago - New York stagecoach route, then used extensively by the Forty - niners in the California Gold Rush.

The damming of Deep River for use of a grist mill made Hobart a commercial center for farmers, and in 1858, the community had the distinction of being the first railroad center in Lake County. By 1870, Hobart was described as "having the air of a city." Its population was 500, and in addition to the railroad it had the finest hotel and the county's only art gallery. Brick – making was then the largest industry. The first bank was established in 1884.

HOBART CITY HALL (Courtesy Keith L. Reinert, Architect)

The first organized religious congregation in Hobart was that of the Augustana Lutheran Church, which celebrated its centennial in 1962. Other early – established churches were the Methodist, 1869; Unitarian, 1872; Trinity Lutheran, 1873; and St. Bridget's, 1875.

The first town board was organized in 1889, and the first city government, in 1921.

#### Government

Hobart became a fourth - class city in 1950; third - class in 1966. The city government consists of a mayor, seven councilmen, a city clerk - treasurer and a city judge, elected every four years in odd - numbered years immediately preceding presidential election years. Hobart is divided into 5 councilmatic districts, with a councilman representing each district and two at - large, district councilmen are elected by districts, others at large. The council meets in the city hall on the first and third Wednesday of each month.

The city council elects a bi - partisan school board, consisting of five members, who serve staggered three - year terms.

The City plans to hook up the Gary Sanitary District and eliminate its current plant which the city has outgrown. A moratorium for new sewer hook – ups has been in effect for many years and the hook up with the Gary Sanitary District will alleviate the sewer problem and lift the moratorium. The hook – up is expected to be completed in 1986.

In 1975, Hobart's City Council adopted a Master Plan, prepared by Vilican Leman Associates for the planned growth of the community. The plan serves as a guide. Ordinances have set aside desirable sections for light industry and two Industrial Parks exist at this time. The Hobart Industrial & Commercial Foundation, funded by members' donations for the betterment of the industrial community, was established to assist those who may be interested in moving their light industry to Hobart.

City ordinances have provided high standards in home construction and property use which protect the high level of community life prevalent in every section of the city.

#### Residential Features

Hobart is a scenic, sprawling community which bridges a gap between large industry and rural tranquility. The majority of the citizens gain their livelihood in the Calumet industries to the north and west of Hobart, but prefer to raise their children under the leisurely influence of the open acres to the south. Many of its residents are retired. After retirement they have chosen to remain in Hobart.

Hobart remains a proud and individualistic town. Few communities have blended their love of tradition with the needs of progress as well as has Hobart in recent years.

This is a community where an old – fashioned parade can start up on the slightest excuse. Hobart has several expanding shopping districts, Savemore Plaza at Hwy 6 and 51, and the Wiseway Plaza, and Eagle Foods Plaza being expanded at this time. Many new buildings and improvements have been completed during the past few years as a result of the Economic Development Commission. Another new development, Meadow Park, is planning to break ground soon for their new Shopping Plaza and Retirement Village which will be located across from the new hospital at Bracken Road and Hwy 51 (South Lake Park Avenue).

Residents and businesses enjoy easy access to major expressways, including I—65, I—94 and the Indiana Toll Road, making Chicago, O'Hare and Midway Airports an integral part of personal and business life.

Hobart's business areas are thriving with all types of stores, all with personal service to the customer.

Residential property ranges from the modest, well groomed bungalow to the highest – priced, modern executive home. Visitors frequently comment on the beauty of the individual yards in Hobart, there being virtually no substandard dwellings or neglected properties in the community.

HOBART PUBLIC LIBRARY

Housing: Approximately 500 apartments are available with most of them being of very recent construction. Lower rental apartments are few in number and are all of older vintage.

Single family dwellings for sale are always available and in most price ranges, with the emphasis on the medium price homes. There are some in the \$100,000 and over class, and an average number in and below the \$45,000 class.

Traffic – safety and fire – protection records in Hobart are outstanding among Indiana cities, and good utilities are available. Insurance rates are Class 6. The Gary – Hobart Water Corp. furnishes water, and the Northern Indiana Public Service Co. furnishes gas and electricity. The General Telephone Co. of Indiana has Direct Dialing Service.

The City has received many national awards for being a clean city. The City has received annual awards for fire prevention efforts for 20 consecutive years from Chicago Association of Commerce & Industry and 25 consecutive years from Indiana Fire Chiefs Association.

The Lake County Library has recently completed an expansion of facilities at the Hobart Library, located at 100 Main St.

### RECREATION

Lake George is the focal point for the scenic and recreational activities of Hobart. Lake View and Fred Rose Parks lie along two shores of the lake, and several neighborhood area parks also have been established. The Lake is used for boating, fishing and skating, and the former Izaak Walton Building on the north shore near the dam is now owned by the City of Hobart. The Community Building houses the Park Department Office and is the site of Federally Funded Senior Citizen Hot Lunch Program and Activities. Remodeling of the building began in 1982 with revenue sharing from the Township and City.

The City Ball Park is located at 8th and Lake St. Hobart's Little League Complex, adjacent to Hillman Park on the west side of the City, is considered one of the finest in Indiana, and basketball and baseball activities are enjoyed through cooperation of various local groups with the school system facilities. Hunting in the marshes south of Hobart and sledding in the ravines are used by many residents.

The City of Hobart has 12 parks with a total acreage of over 100 acres, which is increased by dual use of the school playgrounds during the summer. We have two semi – public golf courses, and one golf course for members only owned by the Supervisor's Club. We have two swimming pools; one is in the new family YMCA building which provides fun and recreation for the entire family; the Hobart Pool Association is located on West 8th St. Lake George is in the very center of the city and provides facilities for boating, swimming, fishing, and picnicking. Two lakes and park sites were donated to the city by the engineering firm constructing the segment of I – 65 which passes through the western

**Hobart Central Fire Station** 

outskirts of Hobart; one is owned by the Izaak Walton League of Hobart and the other is now located in Robinson Park, Hobart's newest park facility. We are within 15 miles of Indiana Dunes National Lakeshore.

In addition to numerous women's and men's clubs, outstanding service organizations in Hobart are: The Chamber of Commerce, Hobart Jaycees, Lions Club, Rotary Club And Kiwanis. Many Hobart young people also take part in C.Y.O. activities, provided by the Gary Catholic Diocese. Also there is the Downtown Merchants Association. There are many organizations to provide interest for almost everyone.

The Hobart Historical Society is located at 4th and Center Streets. There are many interesting exhibits there.

### Newspapers

Two weekly newspapers, the Gazette, published in the city, and the Hobart edition of the Herald Newspapers, published in nearby Merrillville, serve the Hobart Community. The Post Tribune, Hammond Times and Chicago daily papers also have a large local circulation.

### **Transportation**

Public Transportation to Chicago is provided from Gary via the South Shore Illinois Central System, and two trips daily are provided for commuters via the Conrail System from Hobart to Chicago and return.

Most commuters to the Chicago metropolitan areas use the Indiana Toll Road System, which joins the Chicago Skyway route into the heart of Chicago, or the Tri - State System, which joins the Illinois Toll Road.

Both of these routes are easly accessible to Hobart drivers.

Commuters to the industrial areas use U. S. No. 6, which bounds the north edge of Hobart, or U. S. No. 30, which parallels U. S. No. 6 two miles south of Hobart. State Highway No. 51 runs north and south through the community, and State Highway No. 130 runs southeast from Hobart to Valparaiso.

I - 65 which passes thru the west side of the city of Hobart has considerable use.

ST. MARY MEDICAL CENTER - MEDICAL ARTS BUILDING (Courtesy Victor Studio, Merrillville, In.)

St. Mary Medical Center, located at 61st Avenue and Lake Park Avenue in Hobart has completed a major expansion and ancillary renovation program. The most modern medical techniques and facilities are provided. A Medical Arts Building has office space for 30 physicians. A 24 – hour coffee shop, beauty shop and pharmacy compliment the hospital gift shop, operated by the Auxiliary. The hospital has 184 beds. Supportive services are available through its Sister hospital, St. Mary Medical Center, Gary, which has 285 beds.

A major research and out patient cancer care treatment center is being planned in partnership with a for profit corporation adjacent to the hospital. Additional expansion of the hospital, including a Pediatric Department and Cardiology Program are in the process of development.

#### Schools

Outstanding Indebtedness (Principal) 12 - 31 - 84 - \$11,739,978.

Enrollment in the Hobart publis schools in 1984 was 3,615 with 185 teachers. The five elementary schools (K—6), one junior high school (7—9), one senior high school (10—12), athletic stadium, driver education range, and an administrative building are located on approximately 132 acres of land and an estimated building value of \$33,000,000.

All schools have a first class commission from the Department of Public Instruction, and Hobart Senior High School is accredited by the North Central Association of Schools and Colleges. The school has long been noted for its high scholastic standards and outstanding sports and music programs.

# FAIR PRACTICE CODE for ADVERTISING and SELLING recommended by the COUNCIL OF BETTER BUSINESS BUREAUS

- 1. Serve the public with honest values.
- II. Tell the truth about what is offered.
- III. Tell the truth in a forthright manner so its significance may be understood by the trusting as well as the analytical.
- IV. Tell customers what they want to know what they have a right to know and ought to know about what is offered so that they may buy wisely and obtain the maximum satisfaction from their purchases.
- V. Be prepared and willing to make good as promised and without quibble on any guarantee offered.
- VI. Be sure that the normal use of merchandise or services offered will not be hazardous to public health or life.
- VII. Reveal material facts, the deceptive concealment of which might cause consumers to be misled.
- VIII. Advertise and sell merchandise or service on its merit and refrain from attacking your competitors or reflecting unfairly upon their products, services, or methods of doing business
- IX. If testimonials are used, use only those of competent witnesses who are sincere and honest in what they say about what you sell.
- X. Avoid all tricky devices and schemes such as deceitful trade-in allowances, fictitious list prices, false and exaggerated comparative prices, bait advertising, inisleading free offers, fake sales and similar practices which prey upon human ignorance and gullibility.

# Common Sense About City Directory Circulation

THE TRUE VALUE of advertising circulation is circulation consulted.

- TO BE EXACT by actual survey in twenty-four average American cities by actual count each City Directory averaged three and one-half consultations for each business day.
- TO BE CONSERVATIVE we will eliminate the sixty Sundays and Holidays when no tests were made.
- FOR EVERY THOUSAND DIRECTORIES sold there will be an average of three and one-half consultations for each book for THREE HUNDRED and FIVE days, therefore  $1000 \times 3\frac{1}{2} \times 305 = 1,067,500$ .

### VITAL INFORMATION AT YOUR FINGER-TIPS!

♦ Tens of thousands of people who were formerly strangers to the City Directory are consulting it on questions of citizenship, employment, sources of supply, communications, etc. Also, Directory usage is up among regular subscribers.

## Power of Advertising

THE CITY DIRECTORY is the power that generates information for the buyer that he may know who deals in the product he wishes to purchase. If your business is not classified properly, and a display advertisement arranged to describe your business, how can you expect the buyer to trade with you?

ADVERTISING is the foundation upon which successful businesses are built. You must apply this to your own particular business.

ADVERTISING is the power of an idea multiplied.

### Our Service Cannot Be Excelled

R. L. POLK & CO.

### **EVERY STORE**

should appear in the Directory and the Directory should be in Every Store.

Besides its use to the storekeeper, it is a convenience the customer expects.

The store that offers an old Directory, or no Directory at all, fails to show its patrons a courtesy they will find elsewhere.

If you think
your business is so good
you don't have to advertise
. . . you could be in trouble.

PROPERLY USED, YOUR CITY DIRECTORY IS ONE OF THE BEST SELLING TOOLS

This is a part of our service to local City Directory users.

# A STATEMENT OF ADVERTISING PRINCIPLES

- 1. Good Advertising aims to inform the consumer and help him to buy more intelligently.
- 2. Good Advertising tells the truth, avoiding misstatement of facts as well as possible deception through implication or omission. It makes no claims which cannot be met in full and without further qualification. It uses only testimonials of competent witnesses.
- 3. Good Advertising conforms to the generally accepted standards of good taste. It seeks public acceptance on the basis of the merits of the product or service advertised rather than by the disparagement of competing goods. It tries to avoid practices that are offensive or annoying.
- 4. Good Advertising → recognizes both its economic responsibility to help reduce distribution costs and its social responsibility in serving the public interest.

Advertising Federation of America

(Your Directory publishers fully subscribe to the principles set forth in this statement)

## WHAT'S IN A PHONE NUMBER?

### ABOUT THE FIRM:

Who called me? When your call back message gives a telephone number only-or includes a common surname such as Jones, Smith, Brown, etc.—this Numerical Telephone Directory will assist in determining correct firm name. Make use of both Alphabetical and Street Guide information to establish names of officers, owners or partners, products and services, and correct address. Properly identify firm and caller and have needed records, file or correspondence on hand before returning call.

### ABOUT THE INDIVIDUAL:

Who called me? When only a telephone number is known, this Numerical Telephone Directory will assist in determining the name of the subscriber-with this information combined with other sections of your City Directory you may quickly establish such information as wife's name, place of employment, job title, home address, business address and telephone number.

# CITY DIRECTORY

# IDENTIFY EACH PROSPECT

- by neighborhood, area, section of city
- by occupation, job title, marital status
- homeowner/renter/new occupant

No other source provides so much vital information about the residents of your community. Use it to compile a prospect list.

# **EVERY STORE**

should appear in the Directory and the Directory should be in Every Store.

Besides its use to the storekeeper, it is a convenience the customer expects.

The store that offers an old Directory, or no Directory at all, fails to show its patrons a courtesy they will find elsewhere.

If you think
your business is so good
you don't have to advertise
... you could be in trouble.

## PLEASE! Do Not Lend Your DIRECTORY DIRECTORY

IT COSTS YOU MONEY-Every Time it Is Loaned

The practice of lending your Directory, in a great measure, is responsible for the increasing cost of Directory Service.

The reason is:-

There is a definite cost involved in the making of the DIRECTORY of Your City.

THIS COST MUST BE ABSORBED BY THE SUBSCRIBERS-BE THEY ONE-OR BE THEY 1000.

If there were but ONE SUBSCRIBER to the DIRECTORY—THE ONE SUBSCRIBER would of necessity have to absorb THE WHOLE COST.

If there were 100 SUBSCRIBERS—each one would have to absorb 1/100th PART OF THE WHOLE COST.

If there were 1000 SUBSCRIBERS each one would have to absorb 1/1000th PART OF THE WHOLE COST.

From which it is obvious that the GREATER the number of subscribers -the LESSER the cost to each.

It is also obvious that the LESSER the number of subscribers—the GREATER the cost to each.

Every time you loan your Directory the LESS NECESSITY THERE IS FOR THE BORROWER TO SUBSCRIBE FOR THE SERVICE.

MORE BORROWERS result in FEWER SUBSCRIBERS which means INCREASED COST.
